However, both episodes of the Burial at Sea DLC allow you to move to the underwater Rapture city, known from the two previous BioShock games.. Named in homage to the female personification of the United States, the city of Columbia was built by the American government to serve as a floating world's fair.

Moreover, Rapture found in the Burial at Sea expansions is presented in the 'intact' version, before it got destroyed.. Being the result of past scientific experiments, these Tears reveal alternate universes, and allow for interaction with them.. The city's ruling class, the Founders seek to keep Columbia purely for White American citizens while denying foreigners the same privileges.. BioShock Infinite Crack In addition to the internal strife, Columbia is ravaged by 'Tears' in the fabric of space-time.. It's the third installment in the BioShock franchise and it was a massive success.

## **bioshock infinite walkthrough**

People of minority races are subjugated in Columbia, with some brought in to serve as slaves or indentured servants.

However, some time after its launch, Columbia was revealed to be a well-armed battleship, and became involved in an 'international incident' by firing upon a group of Chinese civilians during the Boxer Rebellion in 1901.. BioShock Infinite Crack Columbia, ruled by a pseudo-Christian theocratic government that worships Founding Fathers of the United States, is an apparent utopia that is soon revealed to be a hidden dystopia.. As a result of this subjugation, minorities are largely relegated to menial labor with no obvious opportunity for upward mobility.. The Vox Populi (Latin for 'voice of the people') are a rag-tag resistance group opposed to the ultra-nationalists.. The city was launched to much fanfare and publicity in 1893, and was sent to travel from continent to continent as a display to the rest of the world of the success of American exceptionalism.
